Dear GGSDA Saints!

I hope you will feel more love and affection than I can take the time to write tonight! This week has been filled with some unique pastoral challenges that, combined with our evangelistic meetings, have left me with about five minutes to send out a note about the weekend we are about to enter! May the Grace of Jesus slip into your soul and give you a great sense of being blessed as the Sabbath begins!

SEARCH FOR TRUTH meetings:

Tonight: 7:30pm, and the subject is the Sabbath. I would really encourage you to come. So many families talk to me about their longing for their children and families to stay in the church, to join them in heaven someday. One of the best ways to pass on that faith is to bring them to the meetings, and have them hear it, so that they know the reasons and the heart and soul of the Sabbath and their beliefs, for themselves. The messages have been powerful, with great food and music--invest in being a family together for eternity by coming down this weekend as Pastor Edwards shares this message and the one for Saturday night, on **"What Really Happens the Next Second After You Die?"**

Here is a message from Lizz Randall re: the Fellowship dinner March 7:

"Happy Friday Everyone

Just a reminder to plan ahead for the Fellowship Dinner next weekend. Our Filipino Ministry is hosting and will be giving us a sample of their scrumptious food dishes. They will be presenting a slideshow to share all the good things from the Philippines. Won't you please plan ahead to be able to join us and help out with a donation of your own special recipe? If you bring it already prepared in a ready to heat container with directions; we'll do our best to make sure its followed. Make sure you mark any pan or pot that you need returned to you.

Fellowship Committee could really use your help next week. We are still in need of volunteers to help set up tables right after Sabbath School and take down right after the dinner. We could definitely use your help in cleaning up the kitchen after potluck, as well as help take out trash bags- or find a courteous gentleman to help out. We need extra help to make sure everything is ready for the meetings to follow that afternoon and evening.

We've had many good compliments and feedback from the two dinners we've had in 2015. Let's keep the good participation and yummy food going! We can't do it without YOU!

**Thanks a bunch,
Lizz Randall

Have a great weekend!
